

FLATBED CUTTER PLOTTER

HFB Series

Model No. 8181

Discover the pinnacle of cutting technology with our cutting-edge high-end flatbed cutter plotters, delivering superior precision and unrivaled performance.

Exceptional high-end flatbed cutter plotters, providing unmatched accuracy and efficiency for the most demanding projects.

High-end flatbed cutter plotters, combining advanced features and unparalleled precision for flawless results.

Top-tier high-end flatbed cutter plotters featuring cutting-edge technology and ultra-precise performance that surpasses industry standards.

Plotting Width	2700 mm
Plotting Speed	1800mm/s
Processing Area	1500*1000mm
Plotting Resolution	0.03
Max Paper Feed Width	1650 mm
Max Cutting Feed Width	<10mm
Voltage Requirement	220W
Dimensions	1600*1280*750mm
File Format	DST, DWG, DXF,CDR,PSD,PNG,JPEG
Plotting Precision Tolerance	0.01mm
Pc Interface	Ethernet Port
Noise Level	<39 db
Power	12 KW
Voltage	AC 220V/110V±10%, 50Hz/3.5KW
Operating Temperature	10-45 Degree Celcius
Weight	1200 kg
