

FLATBED CUTTER PLOTTER

MFB Series
Model No. 6181

Experience the power of precision with our mid-level flatbed cutter plotters, delivering enhanced cutting performance for professional-grade results.

Versatile and efficient flatbed cutter plotters, designed to handle a wide range of materials and applications.

Reliable and advanced flatbed cutter plotters, ensuring optimal accuracy and efficiency.

Elevate your productivity with our precision-driven flatbed cutter plotters, offering cutting-edge technology for seamless operation.

Plotting Width	2200 mm
Plotting Speed	1000mm/s
Processing Area	600*450mm
Plotting Resolution	0.025
Max Paper Feed Width	1050 mm
Max Cutting Feed Width	<10mm
Voltage Requirement	100W
Dimensions	1600*2500mm
File Format	DST, DWG, DXF, CDR, PSD, PNG, JPEG
Plotting Precision Tolerance	0.01mm
Pc Interface	Ethernet Port
Noise Level	<39 db
Power	7.5 KW
Voltage	AC380V±10%, 50HZ
Operating Temperature	10-45 Degree Celcius
Weight	800 kg
